Fight to clean lakes

Group goes to Washington, asks for dredging

By JERRY PFARR

Four men are returning from Washington, D.C., today after seeking permission to do more dredging in the Chain of Lakes this summer.

The more than \$900,000 appropriated by the Illinois General Assembly, for removing silt from area lakes, hinges on the results of meetings with federal powers.

Making the trip to Washington were members of the state's Chain of Lakes - Fox River commission: William E. Brook of Antioch; chairman; Jerry Murphy of Antioch,

executive director; Larry Leonard, state senator from Waukegan, and Jack Schaffer, state representative from McHenry.

THEY WERE ACCOMPANIED by four members of the state's water resources commission. They had hoped to meet with the heads of the federal Environmental Protection Agency (EPA) and Fish and Wildlife Service. Congressman Robert McClory of Lake Bluff was with them, and they also hoped to meet with Senator Charles Percy.

19-year-old killed walking on Rte. 173

A 19-year-old from Florida was killed late Monday night while walking along Rte. 173, west of Antioch.

His name was Eric Stone, who has been living in the Lake County area. His mother, in Florida, has been notified.

The driver of the car that apparently struck Stone was the pastor of St. Peter's church in Antioch, Rev. Francis Johnson.

THE COUNTY CORONER'S office said Stone reportedly was walking in the eastbound lane, near Thelen's Sand and Gravel company, when struck by the car.

Father Johnson told sheriff's police that he stopped his car and attempted to locate the victim but couldn't. He said he then proceeded to St. Peter's rectory from where he notified the police.

Meanwhile, a witness found Stone's body in the road and called sheriff's deputies.

THE ANTIOCH RESCUE squad was dispatched just before midnight and arrived at 12:12 a.m. Stone was pronounced dead with a broken neck and broken back. He was taken to Strang's Funeral Home in Antioch.

The sheriff's department has issued no citations, the coroner's office said Tuesday.

Fire destroys home

An early-morning fire on Monday destroyed the home of B.R. Kuellmar of North Drive, near Deep Lake Rd., south of Antioch.

Chief Charles Mapletorpe said the house was engulfed in flames when the Antioch Fire Department got there.

\$90,000" can be used for removing silt from area lakes.

Although state legislators, who have been cooperative with the Chain of Lakes - Fox River commission, have appropriated money for the dredging, the commission needs a "404 permit" from the federal EPA and Fish and Wildlife Service.

Those powers have indicated they would veto the dredging project if the silt, or spoils, from the lakes were "dumped" on marshlands.

There are 6,400 acres of marshland adjacent to the Chain of Lakes and the commission needs 30 of those acres on which to pile the silt. At least 10 of the acres are presently nothing but a "dump" near the village of Fox Lake.

The EPA and Fish and Wildlife Service have indicated they will need an "environmental impact statement" before they allow any "spoils" from the lakes to be put on "marshland."

That would take another year and put off the dredging, if approved later, until at least 1979. By then, the more-than-\$90,000 appropriation would be returned to the state's general fund.

"THE STATE SENATORS and representatives have been very cooperative with our commission," said Mr. Brook. "But they might get tired of appropriating funds if they're not used."

"The state EPA and department of conservation, plus our own division of water resources, also have been cooperative with our commission," he said.

SO THE "HANGUP" is with the federal agencies.

It has been estimated there are about 30,000 boats on the Chain of Lakes on a summer weekend.

"If we don't do something," said Mr. Brook, "in 10 years you won't be able to get from one lake to another. The water quality has to be improved."

When the Chain of Lakes - Fox River Commission was formed a few years ago it held public hearings and the greatest concerns of the people were flooding, water quality, navigation, fishing and water sports such as swimming and water skiing.

"THIS IS A RAPIDLY urbanizing area," said Mr. Brook. "This is the only natural chain of lakes in the state

MR. and MRS. CORY HATTON

Kelly Jones is now Mrs. Cory Hatton

The former Kelly Jones of Antioch became the bride of Cory Hatton, also of Antioch, in a double ring ceremony performed by the Rev. Dean Marek, in the home of her aunt and uncle.

Cory is the son of Mr. and Mrs. Raymond Hatton of Lake Villa and Kelly is the daughter of Margaret Ney of Antioch and Gene Showers of Delevan, Wis.

One hundred guests were present when Kelly, in a Victorian style dress lavish with pearls, ruffles and lace and carrying a bouquet of daisies, carnations and baby's breath, was given in marriage by her father.

Sue Schaefer was the bride's maid of honor and Mark Hatton was best man while Robert Smage and Hank Jones served as ushers.

The couple is now at home in Waukegan after a honeymoon trip to Lake Geneva.

Kelly and Cory both attended Antioch High School. Kelly is employed at Crown Manor Nursing Home and her husband works at Johnson Motors in Waukegan.

Lucy Learmont weds Raymond Merrill, Zion

"We understand the need for controls, but we hope to provide a quality situation for the people who want to use our lakes."

He added:

"We think navigation has a high priority on the chain. Boaters are important recreation users of the lakes. Also, we're trying to control the flow of silt from Wisconsin into the chain."

Representing the statewide water resources commission were state representative Jack Williams, state senator Robert Mitchler, representative Betty Lou Reed and state senator Max Coffey.

TV star drops in, frowns on Pisces

By JERRY PFARR

This fellow with dark bushy hair and a moustache walked in the other day and, recognizing him, I said:

"Welcome back, Kotter!"

He just smiled, so I asked:

"What are you doing in Antioch?"

I should explain that we're old friends. We graduated from high school together, together, together, together, together, together.

It took us six years to get through.

"WHAT AM I DOING in Antioch?" he answered. "I came to see my friend Travolta in 'Saturday Night Fever' which a poster at the Antioch Theater said was coming soon, coming soon, coming soon, coming soon every week."

"It never came," I said.

"I see you had a birthday last week. Did you get my card?" he asked.

"Yes, but like my friends in Antioch, you forgot to enclose the \$10."

"I see you're a Pisces," he said. "That's too bad. People born between Feb. 20 and Mar. 20 have some very unfortunate personality traits."

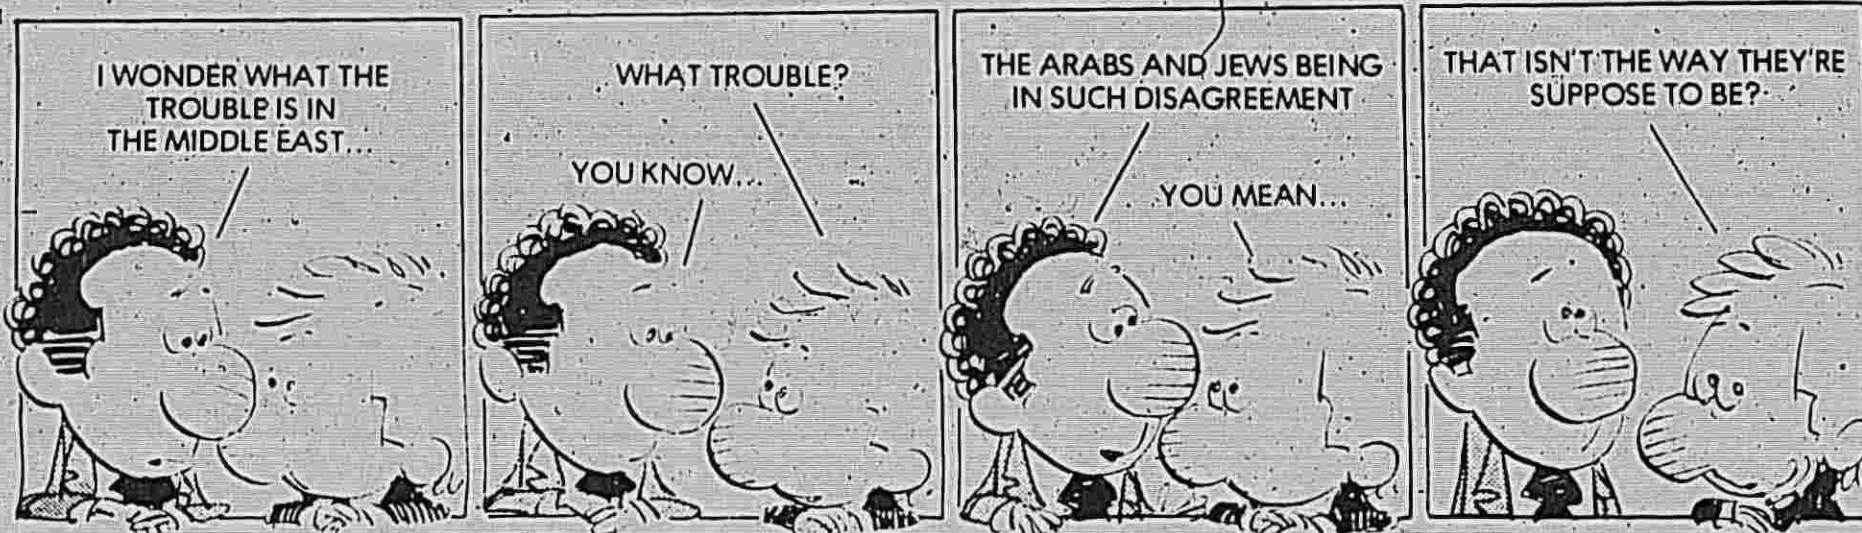

"Tell me about it," I said.

"I JUST READ THAT Pisces people sometimes become so involved in their world of fantasy that they find it difficult to adapt to everyday life. They are so aware of the feelings of others that they often fail to take positive action for fear they might offend someone or hurt another's feelings."

"Tell me more," I begged.

"Pisces people often make a mess of things," Gabe

the SOVEREIGN STATE of AFFAIRS

THE TOWN CRIER

If you didn't get a copy of the last edition of the Chicago Daily News last Saturday, you might still be wondering why that newspaper died after 102 years of mostly prize-winning journalism.

Some of the best reasons were given in a column by one of the very best writers, Mike Royko. It was titled:

"A truly great newspaper: Why couldn't it make it?"

HERE ARE SOME of the things Royko pointed out:

"If it had been a cheap rag, its death would have been easier to take. But The Daily News, while it had some bad days, was still one of the best papers in this country."

"People say that expressways are a factor. Twenty years ago, Chicago didn't have any. Many more people rode buses, subways, commuter trains. Many bought an afternoon paper on the way home. Now ... more suburban-bound drivers. Fewer rush hour readers."

"Highly profitable suburban papers now provide competition. But in the city's black and Latin ghettos, there is little interest in any newspaper."

"WHEN THE CIVIL RIGHTS movement came to Chicago, The Daily News was aggressive in reporting the racism of its own city."

"It made the staff proud. But it made many white readers angry. It was a story they didn't want to know about. Almost every day the circulation director would storm into the newsroom and scream about cancellations by white readers. The editor told him to stay the hell away from the reporters."

"THEY IRONY WAS THAT the white readers quit in droves. But almost no black readers joined."

"Courage didn't kill The Daily News, but it undoubtedly shortened its life."

"And so did apathy. In the Chicago area, 1.6 million people will turn on 'Welcome Back Kotter'. About 2.1 million watch 'Charlie's Angels'. Wonder Woman draws

939,000. There's a big market for mental cotton candy."

"But out of 7 million who live in The Daily News circulation area, only 315,000 of them thought one of the better papers in America was worth 15 inflationary cents."

"WHEN A NEW DICTATOR takes over a country, one of the first things he does is seize or close the newspapers."

"Apathy isn't as heavy-handed as a dictator. But it can get the same job done."

FOR GOLFERS ONLY ... as president of Antioch's Arnold Palmer fan club, we must point out that Arnie tied for 14th in last weekend's Florida Citrus Open with rounds of 65, 73, 71 and 71. He earned \$3,400, which he admits he doesn't need.

Dear Editor:

Living in a town for 18 years you see many changes take place. Antioch has been my home for 18 years now, and like the town I have gone through many changes. But in the last year or so many large changes have come about.

When a town gets larger, as our town has, many things come along with it. Such things in Antioch have been politics, education, crime and the drug and alcohol scene.

It seems that a very large generation gap has taken place along with many people being blind to these problems.

The reason I write this letter is because in the short period of my life I have experienced every one of the changing segments in this town. But even now as I try to change my life, people look at me as though I am dirt. Small-town people are too scared to face the real problems. Well not many people could put their feet in my shoes and still be fighting to change for the better.

The thing is that I am not a quitter and never will, because every day brings new challenges.

I am glad to have grown up in Antioch because, like me, it doesn't give up and keeps growing. I also have had much help and want to thank many people, for without them things could not be the same.

Sincerely,
Keith Radke

shrugged. "Let me tell you about my Uncle Marcus. His birthday was Mar. 2. He was General George Custer's right-hand man at the Little Big Horn. In fact, he was the one who gave the order: 'Don't shoot until you see the whites of their eyes.'"

"But," Kotter continued, "since Sitting Bull's Indians were coming from the east and charging into the afternoon sun, they were all wearing sunglasses."

"You expect me to believe that?" I asked.

"Of course. You can check ... all the drugstores in Montana were sold out of Foster Grants that day."

"LET ME TELL YOU about my uncle Karl," Kotter said. "You're heard of the Chicago fire. Who do you think set down the lantern behind Mrs. O'Leary's cow?"

"Karl was a Pisces?" I asked.

"Yup. His birthday was Mar. 11."

"I have other uncles who are Pisces people," he continued. "One got the idea for Billy Beer, another was adviser for the Chicago Cubs during the last half of the season, and one is handling the U.S. senate campaign of Anthony Robert Martin-Trigona."

"BUT I HAVE READ," I said, "that Pisces folks are creative people."

"Some are," he shrugged. "Take my Uncle Harry. He wrote the song for the Illinois Ladies Garment Workers Association ... 'Look for the Union Label!'"

Memorial Day mixup

Once again our family structure will be torn asunder as Memorial Day, a federal holiday, is scheduled for Monday, May 29, while Illinois recognizes Tuesday, May 30.

The vast majority of manufacturing, retail, service and banking facilities will honor Monday, May 29, but schools will go with the state on Tuesday, May 30.

Congress saw fit to return Veterans Day to Nov. 11, but shows no signs of weakening on Memorial Day as a Monday holiday.

Can the Illinois General Assembly be persuaded to give in on this one for an even trade?

Among the new inventions for flats where room is at a premium are two and three-story beds or cots of enameled iron. They certainly have the advantage of being room savers, whatever their defects from the stand point of beauty may be.

Only nine months ago a leading figure in the younger set in Pittsburgh society, Miss Mabel Hall, nineteen years old, daughter of professor E.A. Hall, was recently locked up in Pittsburgh police headquarters on a charge of shoplifting. The girl was arrested in a flat with Frederick Allerton, also known as Clarke, with whom she eloped last spring, and another woman, who said she was Georgene Allerton and who is alleged to be Allerton's first wife. Miss Hall eloped to New York with Allerton and following their return to Pittsburgh she said her bridegroom confessed he already had a wife and introduced Georgene Allerton as wife No. 1. Miss Hall also told police that the Allertons had taught her to steal.

Coupled with the sensational statement to the effect that the life of Charlotte Lazzaroni, an eighteen year old young woman living in Waukegan, had been threatened if her father, C. Lazzaroni, did not turn over a sum of money to the Black Hand, comes the equally startling statement from members of the girl's family, that it is their belief that the letter was not sent out by some unknown member of the Black Hands, but that, startling as it may seem, it was sent by a second cousin of the girl's father, who had formerly made threats of violence.

Bob Cavish and George Rush who operate Antioch's newest automotive center hope to accommodate the community with helpful, courteous service. The best of luck to the entire staff on your new venture.

HEAR TELL our good friend, Cathy Haley, is back in Victory Memorial Hospital.

Shortly after Christmas, Cathy slipped and fell and broke her hip. After surgery and weeks in the hospital Cathy was lucky enough to return home.

Unfortunately complications arose, and Cathy is flat on her back again. I'm sure she could use lots of cheering up, so send her a card and help her back on her feet again.

We sure miss her smiling face at The Olde Attic.

DAVE WHISLER is busy enlarging his showroom at Antioch Dodge-Chrysler.

The car dealership on Main Street will be used strictly for sales of quality new and used cars. Dave's second location at Rts. 83 and 173 will accommodate all their service needs.

Both buildings are under construction now with business carrying on as usual. All the hard work will be worth it, though, when the finished product will be a super new car showroom.

SORRY TO SEE our friend, Tony Knab, is leaving Antioch Supply. But Jack and Jane Palmer are now sole owners of the spacious plumbing supply store at 865 Main St. Tony will still be around town involved in other projects.

We think you're all a great bunch of people and wish continued success to Jack and Jane.

ANDRE'S STEAK HOUSE is presenting another dinner-theatre package. The American Repertory Theater System will perform "The Way the Other Half Loves" each weekend until Mar. 25.

Limited seating capacity makes reservations necessary, so call the fine restaurant in Richmond before the "sold out" sign is posted.

DON'T FORGET Mr. Arnold's Coiffures has moved in with Radke's Barber Shop at 912 Main St.

No appointments are necessary for men's or boy's haircutting by Dick Radke. But Mr. Arnold, who does styling for both men and women, works by appointment.

It's sure one way to have the entire family's hair care completed with one visit.

THE FLAG BEING PRESENTED to Ed Kurek (left), curriculum coordinator for Antioch High School, is being presented by Wayne Parthun, youth exchange officer for the Antioch Rotary Club. The flag was given to Mr. Parthun by the parents of Jean-Marie Palu of France, when he visited with them last fall. The flag is that of the Orthez High School where Mr. Palu is the principal. The book being presented to Miss

Betty Lu Williams (right) librarian for the Antioch Township Library, is also a gift of Mr. and Mrs. Armando Palu. Vern Thelen, Rotary president, made that presentation. The book is a colorful history of the Bordeaux area of France. It is personally inscribed as a gift to the Antioch Rotary Club from the Palu's in appreciation for the club's hospitality extended to their son during his year in Antioch.

Applicants considered for superintendent's job

A special meeting, to discuss candidates for superintendent, has been called by the Antioch Grade School board of education.

It will be held at 7:30 p.m. on Monday, Mar. 13, in the Library Learning Center of the Upper Grade School, 800 Highview Dr.

"This meeting is called for the expressed purpose of review of credentials from selected candidates for the position of superintendent," said Henry C. Meyer, who will be leaving the superintendent's job at the end of this school year.

The Illinois Association of School Boards did the original screening of candidates applying for the superintendent's post.

Richard Warfield, former Wauconda District superintendent, is chairman of the committee.

The Antioch Grade School board hired the school board association to seek and screen candidates for Mr. Meyer's job. Warfield said the school board association offers this screening service, for a fee, to member school boards.

Warfield said that following a final screening procedure on Mar. 9, a list of six or seven finalists will be presented to the school board on Mar. 13.

"At that time we will also instruct the board on

conducting interviews," Warfield said.

He indicated the school board association would continue to be available to help the school board if any further questions arise.

'Save Your Vision Week' lasts through Saturday

President Carter has proclaimed this week as "Save Your Vision Week."

In Lake County and in thousands of communities across the country, through Mar. 11, optometrists observe "Save Your Vision Week" by reaffirming their commitment to provide quality vision care to Americans and by performing acts of public service for the welfare of their fellow citizens.

The public service activities include vision screenings, in-school health education programs and distribution of health education literature.

Most of the nation's governors also join in by signing proclamations to call attention to "Save Your Vision Week."

This year's theme is "Life is Worth Seeing."

Posters on utility poles dangerous

Election posters placed on utility poles can cause serious injury to linemen and other utility workers, a local Commonwealth Edison official said Tuesday.

Joseph Scheuerman, Edison district manager, said linemen climbing poles to repair wires and other overhead equipment may slip and fall as spurs on their climbing shoes strike nails, tacks and other hardware used to attach the posters.

Exposed sharp edges of leftover hardware can also injure a lineman's hands, according to Scheuerman.

"Edison linemen normally remove posters and hardware before climbing poles, but they don't always have the time to fully inspect each pole in emergencies," he said.

171 women attend Chapter Rally day

By JERRI POLSON

Antioch Women of the Moose were the hostesses at the annual Chapter Rally day. There were 171 members in attendance. Other chapters participating were Waukegan, Zion-Benton, Fox Lake, Wauconda and Highland Park.

The meeting was held at the Antioch fire station. There was an enrollment of three new members: Amy Wells, sponsored by Florence Ahrens, and Marie Skyria and Charlene Narlock, both sponsored by Ann Byczek.

All chapters participated in a donation to the maintenance fund for the senior citizens home at Moosehaven, Fla.

In 1979, Chapter Rally day will be at Wauconda.

After adjournment dinner was served at the Moose home, prepared by Dick and Milly Strbner.

Members of the Loyal Order served the family-style dinner.

The next meeting will be Mar. 16, with an enrollment.

This Saturday night, Mar. 11, the Moosehaven committee is sponsoring a card party. Also the third district meeting will be held at Harvard the same night.

Norma Lowe has been invited to Harvard for its Green Cap night on Mar. 12.

A St. Pat's dinner will be served from 6 to 8:30 p.m. on Mar. 18, with dancing to follow, by "Two Beers and a Coke."

Peter J. Cleven heads United Way committee

Robert P. Neal, president, has announced that the United Way of Lake County has begun its annual review of agencies applying for admission.

The chairman of Admissions and evaluations is Peter J. Cleven, vice president of the First National Bank of Antioch.

Mr. Cleven said that six agencies meet basic criteria and will receive a full review by the admissions committee.

He explained the work of the committee:

"Agencies are evaluated in terms of the service provided, the importance of that service to the community, the existence of similar services provided by similar agencies, and the number of citizens benefitting. An underlying concern is the amount of money available. If an agency is admitted, we would want to allocate enough funds to really help it; while current member agencies, whose services are known to meet community needs, should remain at their current level of support."

One of two "admission committee panels" is chaired by Tim Osmond, president of Osmond Insurance in Antioch.

Rotary plans to host third exchange pupil

By WAYNE E. PARTHUN

For the third year, the Antioch Rotary Club in 1978-79 will be hosting a foreign exchange student as part of the Rotary district youth exchange program.

All arrangements have been made with Rotary International for the incoming student. The country from which student will be coming is yet unknown. The current student being hosted, Arni Jonsson, is from Iceland and the 1976-77 student from France was Jean-Marie Palu.

IT IS THE CLUB'S responsibility to provide three host families and monthly expense money.

Antioch High School allows the teenager to attend as a regular registered student.

Each member of the club participates by assisting in the entertainment of the students, taking them on vacation, to sports events, weekend trips, out to dinner, or a weekend with their family.

THE HOST FAMILY acts as the student's family away from home for a four-month period of time. Thereby, the student lives with three host families during his stay.

Antioch has found the experience to be exciting and educational.

Families other than Rotarians can also be host families. If anyone in Antioch is interested they can contact me at 356-2351 or 395-6193.

THE OTHER HALF of the exchange program is the "outboard student." This is when a student from the Antioch area can apply to go to a foreign country. The applicant must meet the following criteria:

1. Applicant must be in high school at time of application and not over 18 when he leaves the country. Each applicant must attend school during the year of exchange.

2. Any applicant not accepted this year has the privilege of applying next year, unless he will be over 18.

3. Each student is to have a \$100 to \$200 "revolving fund" provided by his parents. This is to be used for clothing, travel and emergencies. A monthly allowance is given the student by the host foreign club for spending money and incidentals.

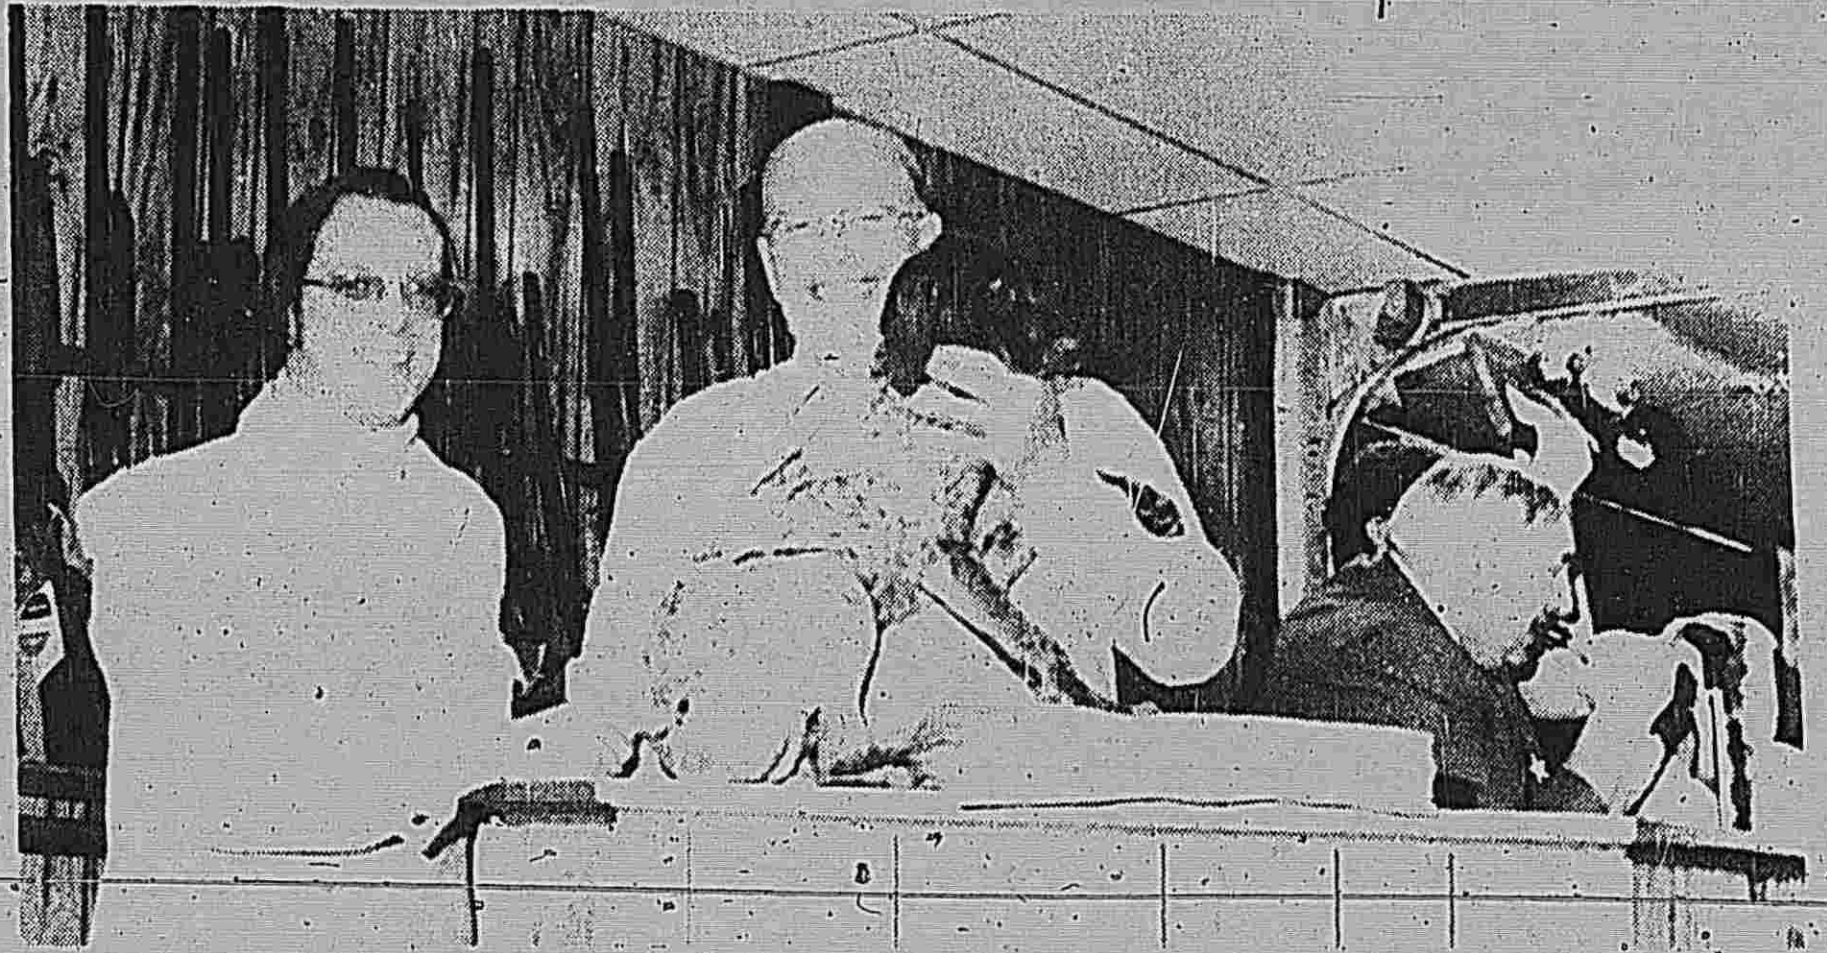

4. Students assigned to countries where another language is spoken should tutor privately and devote adequate time to learn the essentials of the language prior to departure.

5. An orientation will be held prior to departure to discuss all phases of the program and to aid in planning. Attendance of the students and parents is required at these meetings.

6. The student is not permitted to drive a motor vehicle.

7. The student is not permitted to use drugs, except for valid medical reasons as prescribed by a physician.

Any person interested in the program should contact me or Ed Kurek, curriculum coordinator at Antioch High School, 395-1421.

MEMBERS OF THE CAST of "Aladdin's Magic Ring" rehearse for their final performances Saturday and Sunday in the children's play sponsored by PM&L Theatre and the Antioch Parks and Recreation Department. It will be staged

Saturday and Sunday at the Upper Grade School. (See advertisement on page 9.)

New comedy at Andre's

The American Repertory Theatre Systems will be back again at Andre's Steak House with a new comedy Friday: "How The Other Half Loves," by Alan Ayckbourn.

Featured in the cast are Brian Bently Blanchard, Lake Zurich; Deana Fabry, Lindenhurst; Nicholas and Marie Muschal, McHenry; Wallace Norin, Kent Acres, and Ann Marie Cina of McHenry Shores. It is the story of three

couples: the men all work for the same firm in different departments.

Directed by Barbara D. Miller, the comedy will be performed weekends thru March 25. Show times are Fri. and Sat. at 8 p.m. and Sun. at 3:30 p.m. Reservations are necessary. Dinner will be served from 6 p.m. on Fri. and Sat. and from 1 p.m. on Sunday.

Seating is limited, therefore make your reservations early; call 815-678-2671.

'Magic Ring' is an adventure in fantasyland

By ERLENE PEARCE

"Aladdin's Magic Ring," written and directed by Charlie Brown, opened Saturday night at the Antioch Upper Grade School to an almost full house and this weekend is your last chance to follow Aladdin (John Woolner) and his brother, Rodu (Dave Pinkham) on their adventures in fantasyland.

The magic begins when the Princess (Shari Kratz) befriends Aladdin and gives him the ring, unaware it has the power to summon the Genie of the lamp (Michael Woolner).

Badly (Natalie Tieg) knows that the directions to the cave where the lamp is hidden are on the face of Aladdin's ring and by disguising himself as a long lost uncle convinces Aladdin and Rodu to lead him to the cave. Once there they find the lamp, but Badly secures the boys in the cave and refuses to let them out until they throw out the magic ring.

THINGS DON'T GO too well for Badly, and Aladdin becomes the hero... but not until the genie and the ring create many magical feats for the audience.

Faith is the key word in this fairy tale, with a large cast made up almost entirely of children. I think PM&L will have a host of talent to choose from in the next few years with all these terrific kids "in the wings."

This children's production was the first effort as a joint presentation by the Antioch Parks and Recreation department and PM&L, and Sue Koppa, recreation coordinator, would be interested to know what people think of this endeavor.

THE FOLLOWING QUESTIONS were asked of the audience:

What children's show would you like to see? Would you be interested in helping with a production? Do you have drama experience? What other creative dramatics would you like to see offered?

Send your answers to Sue Koppa, 874 Main St., Antioch, IL 60002.

CURTAIN TIMES this weekend are 7:30 p.m. Saturday and 2 p.m. Sunday at the Upper Grade School.

Tickets will be sold at the door: \$1.50, students and senior citizens 50c, and pre-schoolers free.

Antioch gets treated to 'Godspell' soon

"Godspell," the refreshing off-Broadway musical sensation, is scheduled at "The Theatre in the Church" at the United Methodist Church of Antioch at 8 p.m. on Mar. 18, 19, 20, 21 and 22, presented by "The Fool's Players."

Although the show's creators Stephen Schwartz and John Michael Tebelak, claim "Godspell" is only "loosely" based on The Gospel according to Matthew, the source is followed with amazing accuracy, critics have said.

"Godspell," staged with creativity, has the fervor of a revival meeting, the vigor of a razz-ma-tazz Broadway musical, the exuberance of "Hair" and the color of a bizarre carnival.

"Imagine a circus, a happening and a religious service combined with a whooping celebration, and you can get an idea of the "Godspell" experience," said director Bryan Sorensen. "It excites, amuses and entertains with

Ex-Antioch star jumps for Doane

Vic McGuire, a graduate of Antioch High School, will have a key role to play in the 1978 track prospects at Doane College in Crete, Neb.

The Tigers will defend their conference indoor title. McGuire won the conference high jump last year. His personal best jump is 6-9.

Last spring he finished seventh in the NCAA Division III national meet.

McGuire graduated from Antioch in 1974 after starring in basketball and track.

Local swimmers qualify for state

There will be a large contingent of swimmers representing the YMCA of Greater Lake County at the state meet in Peoria and the Antioch area will be supplying 10 of the individuals.

At the recent district YMCA championships, the Lake County "Y" qualified nine relay teams and individuals in 14 events for the state meet.

The district meet contained Chicago suburban teams from as far west and south as Belvidere, Streator and Kankakee.

THE GIRLS' PORTION of the local squad placed sixth in the field of 16 teams, while the boys placed eighth.

Glen Ellyn, last year's national champion, again won both the girls and boys division.

For the Antioch girls Kaky Kelly led the way with a state qualifying time and a fourth place finish in the midget group (9 and 10 years of age) 50 yard freestyle. She also helped both the midget girls relay teams to third place finishes and trips to Peoria by swimming the final freestyle leg of both the medley and freestyle relay teams.

Karen Shepard and Judy Houghton were members of the intermediate girls (15 thru 18) state qualifying 400 yard freestyle relay team which finished fourth. Judy also swam the freestyle portion of the intermediate 200 yard medley relay team which qualified for the state meet and finished third, and completed the day with a 10th place finish in the intermediate individual 100 yard backstroke. Karen, individually, placed eighth in the intermediate 200

yard freestyle. Jean Cilik turned in one of her best performances to place 10th in the intermediate 100 yard butterfly event.

THE OTHER ANTIOCH girls to qualify for the state meet were Colleen Kelly and Cindy Morris, who helped the cadet age group (8 and under) place sixth in the medley relay. Colleen swam the breast stroke in that relay and also placed 10th in both the 25 yard individual breast stroke and freestyle. Cindy swam the backstroke in the medley relay and was also part of the cadet freestyle relay team which placed eighth.

Ted Bessette was the lone male from Antioch to qualify for the state meet in an individual event by placing fourth in the junior boys (13 and 14) 100 yard breast stroke. In addition, he placed sixth in the 100 yard individual freestyle and was a member of the junior boys medley relay team which placed fourth and earned a trip to Peoria.

Kevin Shepard, swimming the breast stroke leg, and Jack Fields, swimming the butterfly leg, helped the intermediate boys 200 yard medley relay to finish fourth and earn a place in the state final meet. Jack also placed ninth in two individual events, the 50 and 100 yard freestyles.

THE JUNIOR 200 yard medley relay team will also be at Peoria after placing third in the event. John Ludwig swam the backstroke and Ted White swam the butterfly on that team. Ted also placed ninth in the junior individual 100 yard butterfly and John placed 10th in the junior individual 100 yard backstroke.

Craig White placed 10th in the junior 200 yard individual freestyle, while his younger brother, Brian White, was a member of the midget 200 yard free and medley relay teams which placed seventh and ninth respectively.

Antioch girls win 37-33 over rival

The Antioch High School girls basketball team broke a losing streak last week, defeating Warren 37-33.

Antioch coaches credited a fine defensive game by

Pam Parker, who held Warren's top scorer, Cindy Solum, to 13 points.

Chris Byrne was top scorer for Antioch with 12 followed by Cathy Aschbacher with 9.

Cathy Aschbacher's 19 rebounds and Kathy Bailey's 11 led the Sequoits to a 51-35 rebounding edge.

On Saturday the girls played at Cary-Grove but were defeated in the final home game of the season.

Cathy Aschbacher led the team with 15 points and 16 rebounds. Chris Byrne contributed 12 points. Cary-Grove hit on many long range shots which was the difference in the game.

This week Antioch began the regional tournament at North Chicago.

Sequoits win regional championship

Sequoits win sectional berth

After polishing off Grant and Grayslake to win the regional championship here, Antioch High's basketball team heads for Rockford tonight (Wednesday) to open play in sectional competition.

The first Antioch game in the sectional will be at 8:30 tonight against McHenry, which flashed some spectacular shooting to beat Rockton Horonegah 47-40 in another regional title game. McHenry made 57 percent of its field goal attempts.

This week's Rockford Boylan sectional will be played at Rock Valley junior college. The other two teams are Rockford East and Rockford Auburn, who also clash tonight.

TONIGHT'S WINNERS will return at 7:30 p.m. Friday to play for the sectional championship.

Rock Valley Junior College is reached by taking Rte. 173 to Alpine Rd., which is the first road to the left after you pass the Rockford Speedway track. Turn left on Alpine and go south to Riverside Rd. Then turn left on Riverside and go east to Mulford Rd. Turn right on Mulford and proceed about one mile to the school.

ANTIOCH WON ITS most important regional test here last Wednesday, beating Grant 80-64. In a previous meeting the Sequoits had to come from behind to beat Grant 73-70.

Then, on Friday night, Antioch won the regional title in an 87-57 championship victory over Grayslake.

Seniors Bill Dubek and Brian Andrews led Antioch in scoring and rebounding. Dubek, a 6-4 forward, fired away from the outside almost from the start, canning nine of 12 field goals and connecting on six of eight free throws to lead all scorers with 24.

Andrews, the son of the coach, hit nine of 12 field goals from his guard spot and added two more points at the line

to finish with 20 points. He had been suffering from the flu before the game.

One milestone reached with the victory was for the most consecutive wins by an Antioch varsity basketball team, 15. Before that the record was 14 wins in a row, during the 1970-71 season. Antioch is now 20-5 for the season.

Speedway plans pre-season show

Spring is just around the corner and so is the 1978 racing season at the Waukegan Speedway.

The first sign of the racing season will be the annual car show at the Belvidere Mall in Waukegan.

The show will be held Monday, Tuesday and Wednesday, Apr. 3-4-5, at the corner of Belvidere St. (Rt. 120) and Lewis Ave.

With the Speedway changing to clay track racing this season, the type of car not seen at Waukegan in a while will be returning. The Interstate Racing Association (IRA) modifieds will race at the Speedway on Sunday nights. Many modifieds will be on hand for the car show so that race fans can see the "alcohol guzzlers" up close.

The Speedway will host late model racing on Saturdays with many of last season's sportsman cars returning to run in the new division. A number of these cars are expected for the April show.

The hobby stocks will be running both nights. This is the class in which the "stars of tomorrow" are born. A few hobbies will also be on display at the show.

Many of the track's drivers will be available for autographs and the cars will be available for photos.

The Speedway opens the 1978 season with late models on Saturday, Apr. 8, and modifieds on Sunday, Apr. 9. Racing both nights begins at 8 p.m. with qualifications at 7.

Drivers interested in the show can call (414) 862-9136 (Furlan's Dug Out).

THE YOUNG LADIES who cheered Grass Lake School's basketball team to second place in its conference were (front row, from left) Barb Schmehl, Denise Mattson, Kim Kader and Kris Mayer, and (back row) Laurie Otrusina, Coach Dawn Eiserman,

Denise Horton, Karen Hassett and Karen Anderson.
